## IT'S A LONG STEP

from the growing of the grain to the baking of the bread, but the intermediate necessity—the flour—is our specialty. Our household flour is milled from the choicest selected hard winter wheat, and contains all the most nutritious elements of the grain. It is not a white flour, but a natural product of the perfect wheat. Hence it makes the sweetest and purest bread.

## Gun Shoot Won by Fayette Team

By a margin of twenty-three points out of 2,000, the team of men from the Fayette Gun Club won the trophy from the picked team from the Bourbon Gun Club Friday afternoon at the Bourbon County Fair Grounds.

Messrs. Henderson, of Lexington, and Clay, of Paris, tied for the highest honors of the day with a score of 94 each.

The Fayette team went 1,000 targets breaking 833 while the Bourbon team on the same number, broke 810, coming just 23 behind the visitors, the Fayette team showing team work of 833 per cent. won the match. At that it was not such a walk away as the Bourbon team made an 81 per cent team score which is several degrees from poor.

The handsome trophy which the Bourbon men were contesting for among themselves was not awarded, Elder Carey E. Morgan, J. Quincy Ward and Earl Ferguson having made a tie race of it. They will shoot out the tie Thursday on the Fayette Club's range when they go over in a return team race.

Each of the three contestants, handicapped allowances included, made a perfect score, the actual breaks being as follows: Ward 90, Ferguson 88, Morgan 83.

## Attempt to Wreck Interurban Car

Interurban car No. 109 enroute to this city had a narrow escape from being wrecked with about forty passengers on Friday night about 9:40 o'clock near station 45 at Monterey.

Some person or persons evidently with the intention of wrecking the car placed three railroad ties on the track in a position to throw the car from the rails. One tie was lying along the rail and two others were on top of it so when the car should strike the one lengthwise the others would prove a trap to derail the car.

The obstruction was noticed just in the nick of time by Motorman Pickett. The car was running at a high rate of speed but the brilliant headlight enabled him to see a good way up the track and he brought the car to a stop after it had struck the ties.

Most of the passengers were well known citizens of this city, who had returned via Lexington from the ball game in Frankfort. The miscreants should be caught and severely dealt with. The Blue Grass Traction Company offered a reward of \$100 for the arrest and conviction of the guilty person or any information that will lead to their arrest.

## Pool, or No Pool?

The above was the all absorbing question upon our streets yesterday among the court day crowd. At two o'clock the large circuit court room, in the court house was crowded to overflowing with men to hear the speakers on "Pool, or No Pool."

Mr. A. L. Ferguson, of Georgetown, was the first speaker introduced by Mr. John A. LaRue, who presided at the meeting. Mr. Ferguson favored the new pledge of the Burley Tobacco Society and urged the growers of Bourbon, his old county, to sign the new pledge.

Hon. C. M. Clay was the next speaker. He took issue with Mr. Ferguson, and handled the Burley Society and the promoters without gloves, making forcible arguments against pooling and signing the new pledge.

Mr. Clay was followed by Miss Alice Lloyd, for the Burley Tobacco Society, who made several telling hits in answering Mr. Clay.

Hon. J. C. Cantrill, President of the Equity Society, followed Miss Lloyd and scored the Burley Society and the new pledge.

## Leaf Tobacco Amendment Explained.

Senator Bradley Saturday made the following statement: "Under the leaf tobacco amendment the farmer or producer has perfect freedom to sell his leaf tobacco in the hand to whom he chooses without payment of any tax. Retailers will be required to register with the collector of the district, their name or style or place of residence, trade or business, and the place where such trade business is to be carried on. This can be done simply by a letter to the Collector and upon receipt of the answer thereto, and the rules prescribed for keeping books, they can proceed to sell, and may sell leaf tobacco in the hand raised in the United States to any person in any quantity less than a hogshead, except a manufacturer of tobacco, snuff or cigars, without the payment of any tax. If one fails to register he is subject to a fine of \$50. He is required to keep a book and, enter therein daily, his purchases of leaf tobacco and his sales, where such sales amount to two pounds or more, to one person in one day. Such record shall be kept written up to date in such form and containing such entries as shall be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the treasury, and such books shall be kept open at all times for the inspection of any internal revenue officer or agent."

He is required under regulation prescribed as aforesaid, to furnish on demand to any internal revenue officer or authorized agent of the treasury Department, a true and correct statement, verified by his oath or affirmation of all sales in one day with the name and residence of the person to whom sold, with the quantity sold.

"If the retailer willfully refuses to furnish such information or to keep the book, or knowingly makes any false statements or false entries in such book he is liable to a fine of \$50 for each offense."

"The keeping of the book is simple, as also the meaning of the written statement, and will require but little trouble, as small sales under two pounds will not have to be entered."

"There has been much criticism of the bill by persons who were misinformed and who were misled by the fact that the ten-pound limit in the amendment as passed in the Senate was omitted from the bill requiring the farmer to keep a book, as under the McKinley law, was stricken from the present bill."

"The argument that there is no more reason why memorandum of sale of tobacco should be kept than sale of corn is utterly misleading. Corn is not taxed, but tobacco is. Manufacturers of tobacco, snuff and cigars are taxed, and if there were no steps taken by which the sales of leaf could be traced,

such sales would open the door to fraud. There is much cigar tobacco raised in the United States, and those who manufacture cigars, if no trace of the sales of leaf were required, could fill their depleted cigar boxes with fresh cigars from time to time and thus escape detection and defraud the Government. It is true that no cigar tobacco is raised in Kentucky, but the bill could not be made applicable to Kentucky alone, but necessarily embrace the whole country. So far as corn is concerned the regulations make it impossible for the distiller to use it in making whisky without being detected by reason of the strict rules applicable to the same."

## Big Sale of Bank Stock.

Auctioneer M. F. Kenney sold for Wm. Penn, administrator of the late Chas. M. and Joseph D. Penn, yesterday at the court house door, the following bank stock:

First National Bank, ten shares, to Jas. McClure or \$205 per share.  
Citizens Bank, five shares, to M. A. Kenney, for \$136 per share; five shares same to M. A. Kenney for \$151 per share; four shares same to M. A. Kenney for \$147 per share.

Bourbon Bank, five shares to C. M. Clay for \$192 per share; five shares of same to C. M. Clay for \$197 per share; five shares same to C. H. Meng for \$191 per share; five shares same to G. W. Judy for \$193 per share; three shares to G. W. Judy for \$200 per share; ten shares same to W. H. Anderson for \$200 per share.

Deposit Bank, five shares to G. W. Wilder for \$160 per share; five of same to Robert Meteer for \$160 per share; five of same to Mrs. Julia Frank for \$161 per share; five of same to Mrs. Julia Frank for \$165 per share; five shares of same to J. M. Hall for \$164 per share; five shares same to G. W. Judy or 165 per share; five of same to G. W. Judy for \$168 per share; five shares same to M. A. Kenney for \$166 per share; five of same to M. A. Kenney for \$163 per share; ten of same to W. H. Anderson for \$169 per share; five shares of same to W. H. Anderson for \$167 per share.

The aggregate amount of sale \$20,433.  
This is probably the largest sale of bank stock ever made at one time in this city. The sale shows a healthy condition of these banks as it is an increase of prices of recent sales of stock of each of the banks.

## Sale of House.

M. F. Kenney sold yesterday for Master Commissioner Russell Mann a house and lot, property of Malinda Tiffy, in Lylesville, to N. C. Fisher for \$75.

PAYABLE IN ADVANCE.**"Falling Gods."**

Puck contains a cartoon entitled "Falling Gods." It is a splendid conception, powerfully worked out. The picture represents a scene upon the Nile. Four gods made after Egyptian models, and representing high protection, partisan politics, bossism and plutocracy is enthroned upon the banks of the Nile. Others have fallen into the water and "High Protection" is tottering; the foundation of "Partisan Politics" is being washed away and the waters have even reached the base of "Bossism" and "Plutocracy." The cartoonist has told a story that furnishes both warning and encouragement—warning to those who defend the wrong and encouragement to those who stand for the right. Time removes all evils and redresses all grievances; time will finally overthrow the high tariff fetish and restore justice to the consumers; time will correct the evils introduced by that blind partisanship which puts an immediate party triumph above the permanent welfare of the country; time will drive bossism out of politics and restore to the people the control of the party organization; time will at last dethrone plutocracy and make our government in fact a government of the people, by the people and for the people.

The tide of reform does not move with an even pace, but it moves, and sooner or later it overwhelms opposition. Puck is to be congratulated upon having so forcefully portrayed a great truth.

**Already "Touched"**

The Boston Transcript is greatly agitated because Jeffersonian Democrats favor an income tax and its arguments (?) are noticed because they may be accepted as fairly representative of the fight which plutocracy will make against the income tax amendment. The Transcript says that "Jeffersonian Democracy should touch the individual citizen as little and as seldom as possible." That is good, but it is a little inconsistent for this doctrine to be invoked by those who have been "touching" the individual citizen as much as possible and as often as possible. The individual citizen who has been touched by tariff on every necessary of life—a tariff reaching in some cases to one or two hundred per cent—can view with complacency an income tax which will equalize taxation and make those with large incomes bear their share of the expenses of the government.

The Transcript says that Democrats ought to object to having a "body of federal tax collectors whose duty and privilege it would be to pry into the private business of every one of its citizens, etc." Pry? Does not the tax collector pry now? The holders of visible property have to list it all from the sow with pigs to a setting hen. An income tax exempting incomes under three or four or five thousand dollars will only reach those who now pay less than their share and will not be as inquisitorial as the present personal property tax. And why not allow the income to be known? Except on assessment day the possessors of large incomes are not generally anxious to conceal their wealth—they often make an offensive display of it. Possibly an income tax would make them more modest and it might also be helpful in restraining some who live beyond their means.

The Transcript will have to invoke some other name than Jefferson's if it opposes the income tax, for Jefferson had a passion for justice and the in-

come tax is just. Possibly the Transcript is afraid that the manufacturers of Massachusetts, who have been taxing everybody else for a generation will have to pay their share of taxes if the amendment is ratified.

**Shrewd Politics.**

Secretary of War Dickinson's new rule directing the Commissary Department to enter into no direct contract of any corporation which is a party to a trust or combination in restraint of trade may be pretty shrewd politics, but if the War Department has any knowledge of a trust or combination in restraint of trade, why not as a matter of justice lay the case before the Attorney General so that action may be taken in the courts under the Sherman Anti-Trust law?

**Easy to Preach.**

It is frequently much easier to preach than to practice. Some time ago Dr. Osler attracted some attention to himself by a public declaration that men when they reached sixty years of age had outlived their usefulness and ought to be removed by the chloroform route. Dr. Osler reached the limit a few days ago and still lives. He would be consistent to take the medicine he recommends for others.

**Democratic Patriotism.**

A Republican President proposes a constitutional amendment specifically authorizing an income tax and although the amendment was proposed for the purpose of preventing the passage of an income tax measure proposed by the Democrats, every Democrat in the Senate and House supported the resolution proposing the constitutional amendment.

Query: Suppose Mr. Bryan had been elected and had proposed the constitutional amendment (as he would have done), would the Republicans have voted for the resolution? The Democrats are to be commended for their patriotism. They support a good measure even though Republican President recommended it.

**Will Succeed Roberts.**

Kentucky Republicans in Washington understand that Timothy Fields, of Ashland, has been decided upon to succeed Sam J. Roberts as Collector of Internal Revenue for the Lexington district.

**A Square Deal**

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, lead up to consumption, it is the best medicine that can be taken.

## BASE BALL.

## FRIDAY'S GAME.

The Bourbonites didn't do a thing but take the second game from the Champs Friday afternoon by a score of 7 to 2. In the first inning a base on balls and two hits let Frankfort score two runs. After that Winchell, who was in the box for Paris, had the Frankfort team completely at his mercy and they were unable to score and barely managed to secure two additional hits.

On the other hand the Paris sluggers batted McDowell all over the field. The Bourbonites did not score until the fourth inning. Ochs got to first on a single and stole second. Scottie then scored Ochs with one of his choice two-baggers. Goodman then met one squarely on the nose and it landed in a mud hole about fifteen feet beyond the center fielder. Goodman leisurely walked around the bases while the fielders were fishing for the ball buried in the mud.

It was an amusing sight to the two hundred Paris fans present, but judging from the faces of the Frankfort people one would have thought the fielders were digging a grave for one of their crack players. The following is the score by innings:

Paris.....0 0 0 3 1 0 1 1 1—7  
Frankfort.....2 0 0 0 0 0 0 0—2  
Home run—Goodman. Two-base hits—Scott, Seebach. Earned runs—Paris, 4; Frankfort, 1. Sacrifice hits—Elgin, 2. Stolen bases—Ochs. Double plays—Scott to Seebach to Barnett; Bohannon to Allison to Zurlage; Angeimer to Zurlage. Struck out—by Winchell, 7; by McDowell, 2. Left on bases—Paris, 3; Frankfort, 5. Bases on balls—off McDowell 3. Passed ball—Yantz. Time—1:45. Umpires—Alloway and Cunningham.

## SUNDAY'S GAME.

The fastest, cleanest and best game of ball played in this city this season was witnessed by about 1,000 on Sunday afternoon between the Bourbonites and the Richmond team. It resulted in a coat of whitewash for the leaders by score of 4 to 0.

Pitcher Jimmie Poole, who had been absent from the game for several weeks, nursing a cut thumb, was on the mound for the home team, and his delivery was an enigma to the heavy hitters of the visitors. He only allowed them four hits, these being made by Baird and Tilford.

Creager did the twirling for Richmond, and was batted freely, the locals getting nine hits.

Only one of the visitors reached second and that was in the third when Tilford drove a beauty to left center for two bases. In the second Dawson waited for four bad ones and went to second on Thoss' grounder to third. The husky first baseman was immediately thrown out, the clever Ochs slipping in from center field covering the bag when Poole, quick as a flash threw the ball to second.

This was a game of ball that pleased everybody. It was void of the usual wrangling with the umpire, which the public has become tired of, and a few such games will no doubt increase the now large attendance at the games. The following is the summary:

Paris.....1 0 1 2 0 0 0 0—4  
Richmond.....0 0 0 0 0 0 0 0—0  
Batteries—Paris, Poole and Elgin; Richmond, Creager and Thoss. Two base hit—Tilford. Struck out—by Poole 2; by Creager 3. Base on balls—off Poole 2; off Creager 1. Left on

bases—Paris 7; Richmond 4. Double plays—Hannigan to Barnett to Ochs; Barnett, unassisted. Umpire—Dunbar. Time of game—One hour and fifteen minutes.

## YESTERDAY'S GAME.

The Lexington Colts were here yesterday and with their usual good luck when playing the Paris team won, by a score of 2 to 1 in the tenth inning. This was the first win for the Colts out of fifteen games played. There was some nice ball playing on both sides, but the squabbling and using of profane language by the Lexington players with the umpire spoiled what would have been a good game of ball. One close decision against them by umpire Dunbar and up they went into the air like a bunch of Comanche Indians.

Robbins was sent to the bench by Dunbar for using abusive language, and afterwards Harper was ordered arrested by Mayor O'Brien for using profane language before spectators. The Mayor had notified the managers of the ball teams that he did not propose to allow this profane and dirty talk to umpires to go any further in this city, and the players all know this, and when the Mayor heard for himself the filthy oaths from Harper's lips he left the grandstand and ordered the officers to arrest him and take him from the game.

When Harper was approached by the officer he resisted arrest and threatened to spike them, but after resisting three of them for a while he concluded to go out, not before giving them a good tussle. He was taken up before Police Judge Hinton, where he confessed, and was fined \$5, which he paid and was released from custody.

When Harper was taken from the grounds it left Lexington short a player while Robbins having been put on the bench by umpire Dunbar. Manager Barnett in a sportsmanlike manner consented to Robbins return to the game, which he did and he was the very man that won the game for Lexington by making a hit in the tenth.

It was pleasing to see Paris take a close decision against them at home plate without a murmur, and the umpire afterwards acknowledged that he was wrong in calling Elgin out at plate as did catcher Pat Downing. Still we suppose Paris now will be held up to public criticism by the Lexington press as usual for something caused by the using of profane and insulting language by one of their immaculate players. The following is score by innings:

Lexington.....0 1 0 0 0 0 0 0 1—2  
Paris.....0 0 0 0 0 0 1 0 0—1  
Batteries—Lexington, Klien and Downing; Paris, Scheneburg and Elgin. Hits—Paris 8, Lexington 6. Errors—Paris 1. Two base hits—Scheneburg. Earned runs—Lexington 1. Struck out—by Scheneburg 5, Klien 1. Base on balls—off Scheneburg 2, Klein 4. Double plays—Goodman to Barnett; Scott to Seebach to Barnett; Harper to Stout; Kimbro to Stout. Hit by pitcher—Klein. Left on bases—Lexington 3, Paris 5. Stolen bases—Hannigan, Stout, Chatman. Sacrifice hits—Downing, Elgin. Umpire Dunbar. Time—2:00.

## NOTES.

The reports sent to the Lexington Herald of the games [the Paris team play away from home are never correct, and never fail to give the Paris team a raw deal. For instance the report of the Friday's game at Frankfort. The report gave eight hits made off of Winchell, when in fact there were only four made. This is fair sample of the daily reports.

A special train from here carried two hundred Paris fans to see the Bourbonites wipe up with the Champs at Frankfort Friday. They were well paid for their trip.

Catcher and outfielder Cunningham left Saturday for Florida. He is a good ball player and played the positions of catcher, right fielder and second base in good style while here.

Catcher Felix has gone to his home in Cincinnati to recuperate. He was confined to his bed here for a week before leaving.

Today is an off day with the Paris team. Wednesday they go to Richmond. Play at home Thursday and Friday with the Frankfort team. At home Saturday with Shelbyville and Sunday they will pull the Hustlers down a notch.

Paris played an errorless game Sunday, in fact it was pennant winning ball.

Maxie, a fast infielder from the Virginia League arrived last night. He is said to be "some pumpkins" with the stick, too.

Sunday's game was played in one hour and fifteen minutes, record time for a game on the local grounds.

Hannigan batted 1,000 in Sunday's game, three times up and three hits, and accepting every chance at third.

Manager Barnett has signed pitcher Barnes, formerly of the Miami University, whose home is in Oxford, O. Barnes arrived Friday night. He is a six-footer and can play in the outfield. He will be given a trial this week.

One of the main features of the game Sunday was the good order maintained on the grounds during the contest. Both players and spectators seemed leath to engage in any arguments that would mar the pleasure of witnessing such a fine exhibition of ball playing.

Dunbar umpired a fine game Sunday, and his decisions in several close plays did not bring forth any protest. He bore no marks as evidence of having been scratched up by A. Kuhn the day before.

## The Chauffeur's Troubles.

The latest disciples of the gospel of anti-fat are professional chauffeurs. "It's scant rations for me if I want to keep my job," said one driver. "Cloak models and ballet dancers are not more careful of their figures than us fellows will have to be if the owners of automobiles keep on getting squeamish about their tires. We've got to be lightweights, every one of us. Time was when the man who wanted a chauffeur hired the chap who knew best how to manage a machine, no matter how much he weighed, but lately somebody has been giving the fat chauffeur a black eye by figuring out that his extra 50 pounds or so is a terrible wear and tear on the automobile. That has scared the owner. There's no use, he argues, in adding to an automobile's unavoidable hardships those that are avoidable, consequently only chauffeurs who are regular sylphs stand much of a show."

## Watch Your Dog.

Several valuable hunting dogs were found dead on the streets early yesterday morning. One especially was that belonging to Wm. Berg. The dog was almost the same as a nurse for his little child. When the child would wander from home, as it did often, they only had to tell the dog to go find him, and he would break away into the neighbors' yards until he found the child and lead him home. It is a mean man and an undesirable neighbor that would deliberately scatter poison around the streets. Such person should be discovered and given the extreme penalty of the law. It is always the valuable dogs that get the dose.

## After Wright's Record.

Further airship flights will be made at Mineola, Long Island, N. Y., by Glenn H. Curtiss, whose recent experiments have earned him a place among the few great aeronauts. Mr. Curtiss, it is believed, will go after the time and distance records now held by the Wright brothers. His plans have been carefully guarded, but it is hinted that he has been experimenting at Hammondsport, N. Y., and that he will spring a surprise this week. On Thursday he will sail to take part in a competition abroad.

## Court Day.

There was a good crowd in town yesterday, but there was more tobacco talk than trading going on during the day. There was only one mule on the market that we heard of and that was bought by Bert McClintock, of Millersburg, from Elmer Myers for \$175. There were 1,400 stock ewes at the pens. W. G. McClintock sold 225 to Cynthia parties at \$6 per head. W. D. McIntyre, of Millersburg, sold 50 to John Woodford at \$6 per head. Clell Turney bought 25 white face yearling cattle for \$32.50 per head. Wm. G. and Hart Talbott bought 15 head of yearlings from Matt Long for \$4.50 per cwt.

## Men and Women.

When a man is left with a lot of motherless children on his hands, he usually scatters them among his relatives. If it is the woman who is left with fatherless little ones, she keeps them together and earns a living besides. Women develop great energy when left without a man. In fact, all the widows we know are getting along a great deal better than the married women.—Atchison Globe

Go Barefoot an Hour a Day.

"If you can spare time and swallow pride and RUN BAREFOOT FOR AN HOUR EVERY DAY in the dew or simply on the ground," says the foot specialist, "your feet will be healed of all their troubles and your body will benefit also."

"If you can go in wading in a cool brook, so much the better. Did you ever see a cow standing knee deep in a creek while she composedly chewed her cud? Well, she is doing exactly what human beings ought to do for the good of their feet."

"Few people realize what an important part feet play in general health."

"They show even more quickly than the tongue what the physical condition is, and yet they are treated with little respect, squeezed and tortured, kept cold in the winter and hot in summer. IF LEFT BARE AN HOUR EVERY DAY and dipped in the early dew, corns and callous spots will eventually disappear, nerves will improve and insomnia be overcome."

"A wonderful bath for delicate, tired feet is prepared as follows: Cover with five quarts of boiling water and let simmer for twenty minutes one ounce of dried mint, one ounce of dried sage, three ounces of dried angelica, half pound of juniper berries, one pound of rosemary leaves. The bath should be moderately warm, and the feet should be immersed for about twenty minutes."

"A good foot powder is made as follows: Lycopodium, three drams; alum, one dram; tannin, thirty grains."

Consolidation of Carlisle Papers.

"The movement to consolidate the three weekly newspapers at Carlisle—the Nicholas Advocate, the Carlisle Democrat and the Carlisle Mercury—into one big weekly is on in earnest. Contracts have been drawn, and, it is said, being lately signed by the merchants and business men where they are agreeing to advertise with no other newspaper published in Nicholas county in case the consolidation goes through."

Kentuckian Killed.

James Garnett Wood, southwestern manager for a Des Moines, Ia., life insurance company, aged thirty-two years, fell a distance of 200 feet from a window of his office on the eighth floor of the Southern Trust building at Little Rock, Ark., Saturday morning, striking the cement pavement in the alley in the rear of the building, crushing his head, breaking his neck and many bones in his chest. Wood was a well and favorably known citizen of Danville, Ky.

"Tickled to Death."

When Judge Parker, of the Fayette Circuit Court, asked Claude Clemmons, a young white boy charged with house breaking, if he had anything to say why sentence should not be passed upon him, the prisoner replied: "No, I'm tickled to death." Clemmons broke into a store in Lexington recently. He is also the same boy who broke into the Leader newspaper office a little over a year ago and received a year's sentence.

A Glimmer of the Truth.

Asked to write a report of a lecture on "Phases of Human Life—Youth, Manhood and Old Age," a young English girl produced: "In youth we look forward to the wicked things we will do when we grow up—this is the state of innocence. In manhood we do the wicked things of which we thought in our youth—this is the prime of life. In old age we are sorry for the wicked things we did in manhood—this is the time of our dotage."

Care of the Teeth In Summer.

Horace Fletcher is of the opinion that in the summer the dust laden atmosphere is particularly injurious to the teeth. He says: "Dental defects cause far more disease than the public imagines. 'In the dust laden atmosphere of towns the teeth are very liable to disease,' he says, 'and even when healthy are necessarily dirtied. Some go so far as to advise all town dwellers daily to WASH OUT THE NASAL PASSAGES AND TO GARGLE THE THROAT; but, whatever may be thought of this, it is certain that under existing dietetic conditions special means are needed in order to keep the mouth and teeth clean.'"

"When man fed on raw food this was not necessary, the food itself and the copious flow of saliva, induced by prolonged mastication, effectually cleansing these parts, but under present conditions food tends to remain within the mouth, especially between the teeth and in their crevices, and therefore special means are needed to remove it."

"This is done by cleaning the teeth and by rinsing the mouth after each meal."

BOURBON CIRCUIT COURT.  
 Jonathan Myall's Devises, - Plaintiffs  
 Vs.—NOTICE OF SALE.  
 Mary Lou Myall, &c., - Defendants

By virtue of a judgment and order of sale made and entered in the above styled action at June, 1909, term of the Bourbon Circuit Court, the undersigned Master Commissioner of the Bourbon Circuit Court will on

**Saturday, August 14th, 1909,**

sell at public auction to the highest and best bidder the property hereinafter described and ordered to be sold in this action at the court house door in the city of Paris, Ky., at about the hour of 11 o'clock a. m., on a credit of six and twelve months for equal parts of the purchase money. The purchaser will be required to execute bonds for the purchase price, payable to the undersigned Master Commissioner, with good surety, bearing interest at the rate of six per cent. per annum from date until paid. The property to be sold is described as follows:

A certain house and lot situated on Williams street, Paris, Ky., adjoining the lot of Mary A. McCarthy, on the North, and the lot of R. P. Dow on the South; fronting 56 feet on Williams street and extending back therefrom between parallel lines a distance of 133 feet and is the same property conveyed to Jonathan Myall by John Shea and wife by deed of record in Deed Book 90, page 328, Bourbon County Clerk's office.

**Endless Conflict.**

The irrepressible conflict between capital and labor will go on forever. Thirty thousand men who labor in mines and factories are idle in Western Pennsylvania, Eastern Ohio and North Western Virginia. They are on a strike for better wages. While capital frequently oppresses labor, labor also takes advantage of capital.

**Deafness Cannot be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**Examinations for Rhodes Scholarship.**

President Arthur Yager, of Georgetown College, who is chairman of the Kentucky Rhodes Scholarship committee, has received an official communication from London, England, fixing the time for the next qualifying examination for the Rhodes Scholarship.

The examination will be held on October 19 and 20, throughout the United States.

For Kentucky, the examination will be held as heretofore at State University in Lexington and it will be necessary for all applicants who desire to become eligible for election as the Rhodes Scholar from Kentucky to pass successfully this qualifying examination.

The election by the committee will take place sometime in December and the one who is elected will begin his residence at Oxford, England, October 1, 1910.

The Rhodes scholars each receive \$1,500.00 a year for three years, while pursuing their studies at Oxford.

**The Tight Belt an Evil.**

The belt should not be worn too tight in summer. Belts that are too tight AFFECT THE ACTION OF THE HEART and of the digestive organs vitally in many cases. Physicians assert that they frequently have cases of palpitation of the heart brought to their attention in summer caused primarily by the habit of wearing tight belts.

The tight belt cramps the stomach and interferes with the circulation of the blood.

The pressure it puts directly beneath the heart causes the beating of the heart to become so irregular as to affect the circulation and hence the condition of practically the entire body. Headache and shortness of breath are additional results, and continued wearing of a tight belt has been known to produce a chronic affection of the heart.

Men of the build known as "without hips" unfortunately find trouble in wearing a belt unless it is drawn in very tightly, and there seems no doubt that THEY SHOULD WEAR SUSPENDERS, no matter how uncomfortable they may prove.

Young boys are particularly prone to err in the matter of belts and should be carefully watched and instructed.

**A Center Shot.**

Our friend Green R. Keller, of the Carlisle Mercury, at times has the knack of sizing up things about right, and he hit the bull's eye in his last issue when he said:

We have long thought we would call the attention of the newspaper boys that they are the biggest "chumps" in the State—or people who have schemes to work think.

We have been astounded recently at the number of "grafters" who are undertaking to work the newspapers for FREE ADVERTISING, and the immaculate gall of people who are drawing big salaries to get "charitable" work off on the newspaper boys.

We have recently been asked to advertise free a big ten million dollar life insurance combine at Louisville, with the promise of a great big pay advertisement "afterwards."

The big tobacco combine, with its proposed capital of hundreds of thousands of dollars and millions of profits, asks us to publish FREE numberless columns prepared by fat hired editors at thousands of dollars salaries.

State and district fairs, organized to make money or build up their local interests, "trust" we will give FREE CIRCULATION to their well-written "puffs," but do not fail for the stentorian time to hope to do better by us next time.

And so on, and so on. As for us we are done with such. If these grafters will take the salaries of these paid editorial writers and pay for inserting their advertisements, we are ready to hear from them. Otherwise not.

**A Horrible Hold-Up.**

"About ten years ago my brother was 'held up' in his work, health and happiness by what he believed to be hopeless consumption," writes W. R. Lipscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors but found no help till he used Dr. King's New Discovery and was wholly cured by six bottles. He is a well man today." It's quick to relieve and the surest cure for weak or sore lungs, hemorrhages, coughs and colds, bronchitis, la grippe, asthma and all bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer.

**Final Speed Test.**

**A Constipation Remedy Free**

There is no action of your daily life of greater importance than to see that your bowels move. They should move at least once a day naturally, and by that is meant without any help. If they do not move at least once a day you can consider yourself constipated and it is time you did something about it.

You will be glad to know there is a way out of the difficulty. Lemuel Landerdale, an old soldier at Quincy, Ill., Elmer McMillan, of Speed, Mo., Mrs. Monahan, of Stonewall, Miss., and many others were as you are now. But one day they awoke to the fact that Dr. Caldwell's Syrup Pepsin was curing their friends, so they bought it too and it cured them. Today they are loud in praise of it.

What Dr. Caldwell's Syrup Pepsin did for them it should do for you. Surely your constipation is no worse than theirs, one of whom had it since '61. It only remains for you to realize that salts are of but temporary good, and what you want is a permanent cure; that purgative tablets, cathartic pills and such violent things make a great show of doing something, but do nothing that is lasting. Dr. Caldwell's Syrup Pepsin is a scientific preparation, a laxative- tonic, a mild syrupy liquid that contains ingredients that not only cure the constipation, but tone the intestinal muscles so that they learn again to work without help. A bottle can be bought of any druggist for the small price of 50 cents, and there is a dollar size for families who have already found out its wonderful value in stomach, liver and bowel troubles, in old or young.

Send your name and address to the doctor and a free trial bottle will be sent you so that you can test it before buying. If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. E. Caldwell, 500 Caldwell bldg., Monticello, Ill.

It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run down people it has no equal. Best for female complaints. Only 50c at Oberdorfer's.

THIS CUT ALSO ILLUSTRATES THE DIRECT UNDERDRAFT FEATURE

Every farmer knows that the greater the "Underdraft" of a mower; the better and easier that mower will do its work. Every other maker of mowers uses some device that will enable him to secure as much "Underdraft" as possible. The best of these devices, however, are but makeshifts by which at least two-thirds of the draft is applied through the pole. Walter A. Wood Mowers alone possess genuine "Underdraft." Every ounce of draft is applied through the draft rod (shown in above cut) right where it is needed. A visit to this store will make this valuable feature clear. **Press Day at Blue Grass Fair.**

The editors of all papers in Kentucky and their wives have been invited by the management to be guests at the big Blue Grass Fair at Lexington on Friday, August 13. The fair opens on the ninth of August and continues throughout the week. The editors are given to understand they will be welcomed any day they may choose to attend, but especial attention will be devoted to them on Friday, the 13th, which will be known as Kentucky Press Day.

Besides the usual courtesies in the way of admittance and opportunity to see the excellent shows that will be provided, the editors and their ladies will be guests of Secretary J. J. Shouse, for luncheon. Mr. Shouse has been a newspaper man for a number of years and this compliment he is paying the press of the State will be cordially appreciated.

A. D. Miller, of the Richmond Climax, vice-President of the Kentucky Press Association, has been named as chairman of the day and the invitations have come through him. On the committee with Mr. Miller he has selected E. D. Shinnick, Shelbyville; John S. Lawrence, Cadiz; R. J. McBryde, Jr., Louisville; Wm. Remington, Paris; H. P. Summers, Smiths Grove; Chas. W. Metcalf, Pineville; Paul M. Moore, Earlinton; Harry McCarthy, Nicholasville.

A local reception committee on behalf of Lexington, has been appointed, with Desha Breckinridge, of the Lexington Herald, as chairman, although every preparation has been made to add to the comfort and pleasure of the newspaper men on Press Day at the big Blue Grass Fair.

**Press Day at Blue Grass Fair.**

The editors of all papers in Kentucky and their wives have been invited by the management to be guests at the big Blue Grass Fair at Lexington on Friday, August 13. The fair opens on the ninth of August and continues throughout the week. The editors are given to understand they will be welcomed any day they may choose to attend, but especial attention will be devoted to them on Friday, the 13th, which will be known as Kentucky Press Day.

Besides the usual courtesies in the way of admittance and opportunity to see the excellent shows that will be provided, the editors and their ladies will be guests of Secretary J. J. Shouse, for luncheon. Mr. Shouse has been a newspaper man for a number of years and this compliment he is paying the press of the State will be cordially appreciated.

A. D. Miller, of the Richmond Climax, vice-President of the Kentucky Press Association, has been named as chairman of the day and the invitations have come through him. On the committee with Mr. Miller he has selected E. D. Shinnick, Shelbyville; John S. Lawrence, Cadiz; R. J. McBryde, Jr., Louisville; Wm. Remington, Paris; H. P. Summers, Smiths Grove; Chas. W. Metcalf, Pineville; Paul M. Moore, Earlinton; Harry McFarthy, Nicholasville.

A local reception committee on behalf of Lexington, has been appointed, with Desha Breckinridge, of the Lexington Herald, as chairman, although every preparation has been made to add to the comfort and pleasure of the newspaper men on Press Day at the big Blue Grass Fair.

**For Family Use.**

Try a case of Lion Beer for family use. It is the best to be had. sepl T. F. BRANNON, Agent.

**The Thaw Case.**

Interest in the Thaw habeas corpus proceedings at White Plains, N. Y., which is still in progress will center on Justice Mills, who is to determine whether Thaw is sane and entitled to his liberty. The simple direct questions of the Justice, which will help him and the public to form a correct conclusion, will be the feature of the court proceedings this week.

**Reward Offered.**

Gov. Willson has offered a reward of \$500 for the arrest of Dr. W. L. Nuttall.

**Situation in Spain.**

Although the situation is less threatening in Spain, the next few days should bring news of significant political developments. The biggest news of the Spanish-Moroccan war developed within Spain proper, where, under cover of a protest against the war, malcontents seized the opportunity to kill and pillage. With the enforced submission of the revolutionists, American interest now will be chiefly concerned with the determination of whether the Republicans, Socialists, Carlists, Anti-Clerical or Anarchists organized the recent disorders, and with what strength the rebellious element is to emerge.

**Attention Automobilists.**

The best gasoline to be had for automobiles, gasoline engines and gasoline stoves is the kind we sell. It is put through the double filtered system which removes all water, sand and sediment of all kinds, making it absolutely pure for all kinds of engines. We also sell the best lubricating oils. Autos can be filled with oil at our Eighth street entrance in two minutes. 30 4t

LAVIN &amp; CONNELL.

**Urgency Appropriation Bill.**

The Senate passed the urgency deficiency appropriation bill, including \$25,000 for the President's traveling expenses, appropriations for treating tariff bill provisions, reduction of salaries of the five Judges of the new Customs Court from \$10,000 to \$7,000 per annum, and reduction of salaries of other Customs Court officials.

**The Best.**

**Earthquake in Mexico.**

Earth shocks of terrific force in the central part of Mexico destroyed an immense amount of property, and it is feared resulted in a heavy loss of life. So far as ascertained, fourteen persons were killed and many injured. The shocks began to 4 o'clock Friday morning and continued with great frequency. The greatest damage was done on the west coast. Chilpancingo and Acapulco were half destroyed. The frightened populace rushed into the open air and are still afraid to return to their homes. Mexico City escaped comparatively light. So far as known no Americans were killed or seriously injured.
